

QUALITY RECOGNITION AESOP

Bachelor Programme in Spatial Planning Adam Mickiewicz University

Evaluation Report

After an in-depth examination of its academic curriculum and teaching pedagogy the B.Eng in Spatial Management offered in the Faculty of Human Geography and Planning, Adam Mickiewicz University, Poznan has been conferred the AESOP Certificate of Quality.

The Bachelor Programme in Spatial Planning delivered at Adam Mickiewicz University has been assessed by two assessors appointed by the Chair of the Excellence in Education Board. The Quality Assurance Committee comprised of six members from member-schools of the Association of European Schools of Planning. The Committee certifies that the above programme fulfils the criteria for quality assurance.

Quality in Planning Education

The Bachelor Programme in Spatial Planning delivered at the Adam Mickiewicz University is distinctive in its focus on spatial management. It brings together the following aspects of quality in planning education:

- Programme Curriculum and Identity
 - o An effective blend of core and elective subjects from different disciplines that contribute to the subject of spatial planning and management.
 - o Focus on multiple scales including the European, national and regional and local spatial scales.
 - o Well qualified academic staff also supported and complemented by part-time employees who are practitioners.

QUALITY RECOGNITION AESOP

- Principles of Pedagogy

- The development of practical reasoning and judgement in students through compulsory professional practice as well as practice-based discussions and reflections.
- Interdisciplinary teaching of spatial planning and management by including three scientific disciplines explored through interdisciplinary projects that combine theories, methods and different points of view from the three disciplines.
- Excellent exposure for students to active learning opportunities that encourage independent learning starting from an early stage in the curriculum.

The AESOP Certificate of Quality and this Evaluation Report are valid for a period of six years (2021-2027).
