

AESOP COUNCIL OF REPRESENTATIVES – National Representative Elections 2020

General Rules

- **Only AESOP Full Members** are eligible to elect or appoint National Representatives and their Substitutes in AESOP Council of Representatives.
- The mandatory period for the National Representatives and their Substitutes is **two years** (2020-2022).
- The National Representatives and their Substitutes **can be re-elected**.
- The powers and duties of the Council of Representatives are described in the articles 15-20 of the AESOP **Charter**.
- The National Representatives must be prepared to attend **two Council of Representatives Meetings a year**: the first takes place a day before the AESOP Heads of Schools Meeting in Spring, the second takes place during the AESOP Annual Congress in July. **AESOP does not cover** travel and accommodation costs to attend these meetings.

Election of the National Representatives

- If a country has **one Full Member**, its representative represents the member school of that country without the need for a country-wide election. This representative can be appointed by the Full Member.
- If a country has **two Full Members**, both their representatives represent the member schools of that country without the need for a country-wide election. These two representatives can be appointed by the Full Members.
- If a country has **more than two Full Members**, all Full Members of that country must **elect two representatives** through a country-wide election process.

Substitutes

Each **National Representative must have one Substitute**, elected in the same way as the National Representatives. The Substitute is allowed to attend the meetings of the Council, but is only allowed to vote in case of absence of the National Representative.

The Secretary General is responsible for the general oversight of this process.
