ON BEHALF OF THE ASSOCIATION OF EUROPEAN SCHOOLS OF PLANNING (AESOP) AND THE INTERNATIONAL FEDERATION FOR HOUSING AND PLANNING (IFHP) WE WOULD LIKE TO INVITE YOU TO A LECTURE BY PROFESSOR JUAL PORTUGALI **THE FUTURE IS NOT WHAT IT USED TO BE COMPLEXITY, COGNITION AND THE CITY - IMPLICATION TO PLANNING WHICH WILL TAKE PLACE AT THE UNIVERSITY OF AMSTERDAM, PLANTAGE MUIDERGRACHT 12, ON FRIDAY **5TH APRIL 2013 AT 13:00.****

This is the fifth event in the **Lecture Series** by well-known planners, policy-makers and other 'urban thinkers', which is being organised by AESOP and IFHP in the framework of respectively the Silver Jubilee (2012) and Centenary (2013). The lecturers have been asked to present their ideas on 'new vision' for planning and territorial development. The lecture will be rounded off with a question and answer discussion with the audience.

Jual Portugali is Professor of Human Geography at the Department of Geography and the Human Environment at the Tel Aviv University. He is Head of the Environmental

Simulation Laboratory (ESLab) and of the Environment, Society and Planning Graduate Program of Tel Aviv University. His research integrates complexity and self-organization theories, environmental-spatial cognition, urban dynamics and planning.

The lecture will be followed by a Dialogue moderated by Dr Ward Rauws between Professor Portugali, AESOP Young Academics and IFHP Urbego and other participants on the future of cities.

We would be delighted if you could accept this invitation to both lecture and roundtable workshop.

We at AESOP and IFHP look forward to seeing you in London on 5th January!

Izabela Mironowicz
AESOP Secretary General

Derek Martin
IFHP CEO
