

HCU – University of the Built Environment and Metropolitan Development

Department: Urban Planning and Regional Development

The HafenCity University Hamburg, Department Urban Planning and Regional Development, awards a **scholarship for a research assistant** within the junior research group **MetroKlim: Urban Open Space and Settlement Structure for a Climate Adapted Development of the Metropolis of Hamburg**, beginning on **01.09.2010**. There is the opportunity to write a dissertation within the project. The self-achieved work results can be used to receive a Ph.D.

The scholarship is 1.100 € per month for a period of 3 years.

Area of responsibility: PhD 1: urban and regional planning / conflicts in land use

Innovative solutions for the climate adapted development of the metropolis of Hamburg shall be investigated within the project. Within the range of regional planning it shall be analyzed which utilization claims to space exist and to what extent conflicts in land use occur due to the dealing with the consequences of climate change. On this basis methods to deal with these conflicts are to be developed.

Requirements:

Above-average university degree related to the described field (e.g. M.Sc. in Spatial Planning, Urban and Regional Planning, Environmental Planning)

Good ability to communicate and to work in a team

Personal initiative and independent work

Experiences in scientific work

The HCU aims to raise the proportion of women within the academic staff and therefore specifically invites qualified women to make an application. Women will receive priority consideration in case of equal qualification in terms of the Hamburg Equality Law. Handicapped persons take priority over other applicants with same qualification and competence.

Please send your **application** with the common documents (covering letter, CV, university degrees, copies of certifications) under specification of the identification code **Metoklim_PhD1** to: Prof: Dr. Jörg Knieling, Fachgebiet Stadtplanung und Regionalentwicklung, HafenCity Universität Hamburg, Winterhuder Weg 29-31, 22085 Hamburg; joerg.knieling@hcu-hamburg.de.

For questions about the scholarship or the work environment please contact Prof. Dr. Jörg Knieling or visit <http://www.hcu-hamburg.de/research/arbeitsgebiete/joerg-knieling/>.
